DETAILED ACTION

Allowable Subject Matter

1. Claims 8-10,12-14 are allowed. Claims 1-7,11 have been cancelled.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose or render obvious a wall mountable aquarium having the features as described in detail in the claims, especially the feature of an upwardly-open fixing groove formed on an upper surface of the grate, the groove being in front of the pipe, wherein the sheet is located by a bottom edge thereof and inserted in the groove. This feature is important because the groove provides the tank with a structure to hide accessory parts and to be smoothly affixed in the tank so as to create a wide-screen picturesque background effect to improve the aquarium. None of the cited references teach this feature in combination with the accessories of the aquarium.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
